Protocol for Approval of Credit-Bearing Academic Certificate Programs

Definitions

**Long-Term Certificate Program (University)**—The Council on Postsecondary Education defines a long-term certificate program as a program that requires at least one-year to complete and results in the awarding of a certificate. At EKU, we call this type of certificate a university certificate. University certificates must be approved by CPE and we must report to CPE the number of certificates we award.

- Undergraduate university certificates require 24 or more hours.
- Graduate university certificates require 18 or more hours.

University certificates are issued by the University and printed on diploma stock. University certificates are automatically recorded on student transcripts. Students who complete a university certificate must apply for graduation and pay applicable fees. University certificates are not awarded at the Commencement ceremony.

**Short-Term Certificate Program (Department/College)**—The Council on Postsecondary Education defines a short-term certificate program as a program that requires less than one-year to complete and results in the awarding of a certificate. At EKU, we call this type of certificate a department/college certificate.

- Undergraduate department/college certificates typically require 12-23 hours.
- Graduate department/college certificates typically require 12-17.

Department/college certificates are issued by the academic department or college. Department/college certificates may be noted on student transcripts at the request of the department or college. Department/college certificates are not awarded at the Commencement ceremony.
